

the advanced range

Intelligent tech. Sustainable power.

TopTech Plus is the consistent evolution of the proven TopTech range - offering noticeable improvements in performance, user comfort, and sustainability.

This product range combines advanced technology with high efficiency, providing a reliable and powerful solution for professional users. TopTech Plus stands for a well-balanced combination of quality, functionality, and intuitive operation

— making it the smart choice for modern kitchens that value performance without compromise.

toptouch Interface

The new **TopTouch** user interface offers 23 selectable programs for maximum flexibility and features an intuitive configuration concept.

Frequently used settings can be accessed quickly via the favorites screen function.

The clear graphical display shows the progress of the wash cycle, while extensive customization options allow for full personalization.

With a practical screen lock function, integrated Wi-Fi, and a TFT touchscreen with RGB button, you're always in full control.

Point monitors the machine status through color-coded LEDs, and the robust, scratch-resistant synthetic glass front panel combines durability with elegant design.
